

SITE PLAN — GROUND LEVEL

The Contemporary Publishing House · Shimla Pahari, Lahore · on the survey with levels · indicative design, sizes to be confirmed

- KEY
- public / civic
 - knowledge
 - media / production
 - archive
 - learning
 - press club / games
 - cafe / bookshop
 - admin
 - paved forum / plaza
 - planted slope (no building)
 - path / route
 - stairs (existing positions)

FFL = finished floor level
Buildings step on piers where
the ground slopes - no cut/fill.

BUILT FOOTPRINT (ground level)

Print + Dispatch	1,792 ft²
Archive	2,339 ft²
Research	1,508 ft²
Media + Editorial	3,583 ft²
Workshops	1,792 ft²
New Press Club	3,840 ft²
Games + Recreation	3,036 ft²
Cafe + Bookshop	3,257 ft²
Admin	1,299 ft²
Library	4,292 ft²
Auditorium	4,872 ft²
Exhibition + Press Conf.	4,479 ft²
Games Court (Outdoor)	2,040 ft²
Total	38,129 ft²

SITE PLAN — ROOM SCHEDULE (ground level)

Areas measured off the drawn plan (ft², gross, measured to wall centrelines). The handout gives no areas — these are my proposal, to test against a brief schedule.

BUILDING	ROOM	ft²
PRINT + DISPATCH	PRINT HALL	896
	PAPER STORE	394
	DISPATCH	502
	<i>subtotal</i>	1,792
ARCHIVE	ARCHIVE STORES	1,170

GAMES COURT (outdoor)	court	2,040
	<i>subtotal</i>	2,040

TOTAL GROUND-LEVEL FOOTPRINT ≈ 38,129 ft² (≈36% of the traced site)

HOW THE PLAN MEETS THE GROUND

ELEMENT	FFL	HOW IT SITS
Entry forum · cafe · games · court · exhibition · admin	+1' to +2'	flat base — slab on grade, no fill
New press club	+5'	sits on the gentle rise N of the old club; one step up from the forum
Library	+6' / +10'	two floor plates stepping with the S slope; reading room on the upper step faces the summit
Auditorium	+4' → +10'	raked seating follows the existing slope; foyer at the low end, stage at the high end
Archive · research · media · workshops (NE bank)	+3' to +6'	long bars parallel to the contours; floor on piers where the bank drops to the road
Print + dispatch	+1'	flat NW pocket; own service yard off Davis Rd N (proposed access)
Slopes +12' to +28'	—	planted; existing stairs kept as the public route
Summit +28'	—	open forum around the existing structures; nothing new built

Open items: the survey has no north point; the service access, all building sizes and upper floors are proposals. Upper floors (e.g. second floors for research + media) are the next step.
